PAPER

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

ADVISORY ACTION

Applicant's amendment of 9-24-07 has been fully considered. The amended claims have overcome the previous rejection of 112/2nd paragraph, but not the 102 and 103 rejections based on **Fujimori et. al.** (EP'835 – previously cited).

Claims 10-16 have been withdrawn.

Claims 1-7, 9, 17 and 18 are still pending.

Claims 1-7, 9, 17 are still rejected.

Claim 18 is still objected.

For the purpose of appeal, the amendment will be entered because it has not overcome the previous 102 and 103 rejections. However, a subsequent amendment will not be entered since it will raise new issues that would require further consideration and/or search.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tamthom N. Truong whose telephone number is 571-272-0676. The examiner can normally be reached on M, T and Th (9:00-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James O. Wilson can be reached on 571-272-0661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Art Unit: 1623

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
